QUEEN-EVER Y. ATUPAN

Cash Division Head
Visayas State University
Visca, Baybay City, Leyte

MADAM:

Last January 2022, one of your staff called our office and told our office clerk that the Cash Division will hold my salary because my name in our payroll is different from my Land Bank account name and that there would be a problem in transaction with the said bank. Thus, I talked immediately to the staff of the bank, explained that I filed annulment last 2019 and that Dr. Tulin approved my request to use my maiden name as my identity in all my records, transactions, dealings and activities in line of my service to VSU (see attached affidavit). The staff of the bank said that there is no problem regarding the difference of my payroll name and bank account name, because what matters is the account number. In fact, she even called you to inform about the said matter. Then last Tuesday, another staff of your division called me again and told me that I really had to change my name in my Land Bank account because according to her COA is really very strict regarding this matter.

Maam, much as I want to be annulled immediately and change my name, my lawyer informed me that since the onset of COVID pandemic, criminal cases had been the priority, thus, the court's decision on my annulment case might be delayed.

Hope for your immediate action on this matter, because this somehow bothers me and my job performance might be affected.

Thank you.

Truly yours,

KAREN LUZ P. YAP

Associate Prof V / Head, DAEEx
