Veterinary Medicine is a degree that I always want to achieve but for the past years as dvm student, my visions for my carrier began to change, veterinary medicine became more complex and my grades starts to concern me. All college courses are difficult, yes but I want to see myself excel in Hospitality Management because I know I can do much better, and I can give more. I want to change my path and this time, I will make sure that I'm taking the right track. As a college student, I know that Hospitality Management will mold me and will lead me to my future carrier, this course will help me grow and be able to come up with strategies or things for Hospitality Management because Visayas State University's mission is to provide excellent instruction for the development of the country.
