Re: Request for a permit to prune trees for the conduct of thesis (approved outline attached) within the property of Mr. Reo Abenoja located at Brgy. New Taligue, Abuyog, Leyte

Dear **Sir Labaclado**:

Good day!

This is to certify that Ms. Kassandra Natdem C. Isaac is a bonafide student of the Department of Agronomy, Visayas State University. She will be conducting her master's thesis entitled, "Influence of Stem Cutting Diameter and Alternative Rooting Hormones on the Development of Roots and Shoots of *Aquilaria malaccensis* Lam. Cuttings" under my supervision.

Attached is a copy of the student's approved thesis outline, as well as the consent forms to be used in the research process. Upon consultation with the DENR Regional Office, it was determined that she will need to secure a pruning permit from your good office.

The student is expected to graduate in June 2022 and I hope that this information will facilitate the grant of her pruning permit with ease. I shall be very thankful to you for this kind favor.

Thank you and God bless!

Respectfully yours,

NELLO D. GORNE, Ph.D.
Asst. Professor
Department of Agronomy
VSU, Visca, Baybay City, Leyte
