

REQUEST FORM FOR CHANGING DEGREE PROGRAM OR MAJOR FIELD

Student Number : 21-1-02843

Name of Student : Xander Johanne V.Canin

FROM:

Current Degree Program: Bachelor of Science in Forestry

Major Field: _____

TO:

Desired Degree Program: Bachelor of Science in Marine Biology

Major Field: _____

Effective [] 1st Sem. [] 2nd Sem. [] Summer ,
A.Y. 2021-2022

Reason(s) for Changing:

The reasons why I want to change degree program is that first I realized that my passion did not align to the degree program that I am taking, BS marine biology is my desired course because I want to be able to study marine biology to explore more and being able to share the knowledge about marine life in order to find a solution on how to keep our ocean healthy to see the beauty of the marine biology. Second is that I want to save the planet one step at a time by being able to do something for the environment that is the greatest fulfillment I will receive. And finally I swam many seas and found trash covering the coral. Some have been eaten by fishes. The reef being destroyed by humans. This pushed me to do something and this is the first step I have to take. Thank you and I am hoping that you will approve my letter.
