DR. LORINA A. GALVEZ

Head

Department of Food Science and Technology

Visayas State University

Baybay City, Leyte

Dear Dr. Galvez

The Visayas State University through the Department of Business and Management has an on-going PhilRice-funded project titled, "Exploratory Market Studies of Fermented Rice Bran-Incorporated Food Products". Part of the project's activities is to conduct a Focused Group Discussion (FGD) which aims to gather the views/opinions and assess the willingness of the food developers, processors and wholesalers about the potential of using fermented rice bran (FRB) as added ingredient to enrich the nutritional value of their current products and use it also in developing additional innovative products.

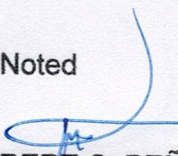

In this regard, may I request you to kindly identify one (1) representative from your department to attend the FGD on May 20, 2022 3pm-5pm via Zoom teleconferencing. Thank you very much.

Sincerely,

ANGELITA L. PARADERO

Study leader
