Title of Conference/Seminar/Symposium: Rainforestation: Ecosystem-Based and Integrated Watershed Approach for Climate Change Adaptation in the Municipality of Barili, Cebu

Organizer/Host/Sponsor: Local Government Unit of Barili, Cebu

Date and Venue: November 10-12, 2025, Municipal Conference Hall, Barili, Cebu

Justification for recommending the faculty (*focus on relevance to present work*):

The requesting party is a partner institution of Visayas State University (VSU) through a Memorandum of Agreement (MOA) signed on November 10, 2023. The Local Government Unit (LGU) of Barili seeks to restore native forest cover within its identified watershed area by adopting Rainforestation technology. This initiative aims to enhance water retention, stabilize soils, and reduce downstream flooding and sedimentation. Given my expertise in terrestrial ecosystems and Rainforestation, this recommendation is highly relevant and crucial in ensuring the success of LGU Barili's objectives.
