## ECOLOGICAL FARM RESOURCES AND MANAGEMENT INSTITUTE

16 June 2023

**DR. ROMEL B. ARMECIN**

Director  
National Abaca Research Center  
Visayas State University

Dear **Dr. Armecin**,

This is in connection with the undergraduate thesis of my advisee Arnie U. Andrade entitled "GROWTH AND YIELD OF HEAD-TYPE LETTUCE (*Lactuca sativa* L.) APPLIED WITH DIFFERENT SOIL AMENDMENTS" which she conducted at the experimental area of the Department of Horticulture. Arnie wanted her soil samples to be analyzed for nitrogen, organic matter, and pH determination. There is no other well-functioning laboratory in VSU campus that can perform these analyses other than your laboratory in NARC.

Hence, may I request that the initial and final sample of the student be analyzed in your laboratory on the few parameters mentioned above? Should the laboratory require something from the student, then she is more than thankful to cooperate with your staff.  
Thank you and may this honest request merit your favorable action.

Truly yours,

**DHENBER C. LUSANTA**
