Dear Madam,

Character enhancement seminar is one of the projects that NSTP Office and the Dean of Students Office collaborated in the past years. The project aimed to give students the tools necessary to easily and successfully learn and develop character traits that will last them a life time. This topic is part of the NSTP common module stipulated under the Implementing Rules and regulation (IRR) of RA 9163.

In this connection, may I humbly invite **resource persons** to deliver these topics to the new batch of NSTP students on **September 16, 2023**.

We hope that this invitation merits your kind and serious consideration for the enlightenment and civic-consciousness of our youth. Thank you and more power.

Sincerely,

  
**JOY A. BELLEN**  
Director, NSTP Office
