STATE UNIVERSITY

INSTITUTE FOR

**STRATEGIC RESEARCH AND
DEVELOPMENT STUDIES**

November 7, 2023

HON. JOSE CARLOS L. CARI

City Mayor
Baybay City, Leyte

Dear **Hon. Cari**:

Mabuhay! I write on behalf of VSU-BIDANI, your partner in the nutrition-in-development, requesting to support an initiative that can significantly impact our city.

In our shared commitment to community development, VSU-BIDANI and the VSU-Extension Office are organizing a Workshop on Extension Proposal Writing from November 13 to 17, 2023. This collaborative effort between our academic institution and your esteemed Local Government Unit (LGU) aims to create project proposals that are based on real challenges faced by our communities.

To ensure that our projects are rooted on the specific issues within our communities, we kindly ask for your assistance in providing access to the most recent data on barangay household problems within our city. This vital information is documented in the 2022 Barangay Management Information System (BMIS) and serves as the cornerstone for the solutions we aim to develop through our extension project proposals. Please find attached the template for the needed data on barangay problems.

By utilizing BMIS data on Barangay Problems, we emphasize a problem-based and data-driven approach, showcasing the power of collaboration between the LGU and the academe. Working with a shared focus on our city's challenges will lead to meaningful and lasting change.

We are committed to safeguarding the data and adhering to any protocols or measures you may require ensuring its responsible use. Your trust in providing access to this information is a crucial contribution to our workshop and a clear demonstration of our shared dedication to community development and improved nutrition.

If you have any question, need to discuss specific procedures for data access, or require further information, please do not hesitate to contact us. Thank you for your time and consideration. We look forward to your positive response and the prospect of making a significant difference in our city.

Sincerely,

LILIAN B. NUNEZ
VSU-BIDANI Program Leader
