Dear **Maam**:

This is with regards to the findings of the AACCCUP evaluators in the area of extension during their last visit dated March 21-25, 2022, that there should be an impact assessment made by a third-party organization of the Department of Agronomy extension projects. With this, we would like to ask for your assistance and intervention on this matter.

We are very much willing to attend for a discussion in case you wish at your most convenient time. Thank you very much for your support.

Sincerely yours,

  
**ED ALLAN L. ALCOBER**

Department Extension Coordinator
