Director for Extension  
Visayas State University  
Visca, Baybay City

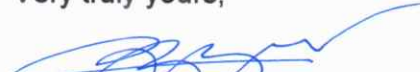

**Dear Dr. Abamo:**

We would like to submit to your office our extension capsule proposal entitled **"Sustainable Management of Resilient Technologies for Fisherfolks Invigorated by Sea Harvest (SMART-FISH) and Farm Enterprise Management Assistance to Farmers of Baybay City, Leyte"** for possible funding. This is a bold attempt of DOE to conduct relevant and efficient extension projects with the aim to help the marginalized agricultural sectors specifically in the City of Baybay. Further, this is a response to one of the weaknesses of DOE, the conduct of extension and/or community service activities. Our team will commit every available resource and put in the required hours to guarantee a highly successful outcome.

Thank you for taking the time to review our request. We eagerly await your favorable response. Wishing you continued success and prosperity.

Thank you very much!

Very truly yours,
