Dear Dr. Tulin:

Good day to you!

I am Cris A. Papong and I stopped during my first semester on my second year, it was school year 2020-2021. It was a tough decision for me despite of being left behind by my classmates and friends. I stopped because I wasn't learning anything, the pressure and the adjustments of the new learning system. I have poor internet access in our area so I can't attend online classes aside from that I don't have a stable gadget that time, I do have a phone but it's not working properly. I was instructed by my academic adviser to file leave of absence, but I feel scared and ashamed to be judged so I leave our block's group chat I know it was very unprofessional, aside from that I lose interest. I was depressed and I must save my health. After I stopped, I look for a temporary job to earn and save and in God's grace I did and I have now my own laptop.

I am humbly asking for readmission this first semester, school year 2021-2022. I am very eager to study again in this prestigious university. I assure you that I will continue and do well in my studies.

Respectfully yours,

CRIS A. PAPONG

Sir / Madam:

I would like to apply for readmission effective 2nd semester / summer 2021 -2022. My last attendance from this University was from 1st semester / summer 2020 -2021. I was out of school for three semester and no summer because of the following reason(s): I was having a hard time in adjusting through the online class system and also because I have unstable network connection and I wasn't learning anything. And I don't have a stable gadget for online classes. It was a tough decision for me but a good choice to rest my mind and look for a temporary job to earn and save money to buy my own laptop.

If admitted I promise and pledge to abide by and comply with all the rules and regulations laid down by competent authority in the University and in the College to which I am enrolled.
