Reason(s) for Changing:

The reason(s) that I am requesting for changing my current degree course is that I find chemistry to tough for me. I was an applicant qualified for the open slots I was expecting that by taking chemistry I would be able to shift to nursing for the next semester but sadly the college of nursing won't accept shifter due to the sequential subjects they have. Maybe there are some things that we love are just not meant for us and I do believe God has a reason for that. As a HUMSS graduate maybe this a great opportunity for me to share my relevant knowledge in this degree such that studying about laws and governments are also my favorite things. So hopefully you would give me a chance to open up a new door for me to broaden my knowledge and to save me from this unwanted decision that I made that I thought that would help me achieve for what I wanted.
