Dear **Atty. Guinocor**:

Greetings!

In relation with the implementation of our PROJECT TARSIER, we drafted the Nursery Seedling Contract as an essential document before our partner People's Organizations will grow tree seedlings. In line with this, we would like to request your kind legal opinion on the said document before President Tulin signs it to ensure that our agreements are in accordance with the existing laws.

Hoping for your favorable consideration on this matter.

Thank you very much.

Sincerely,

**ARTURO PASA**  
Project Coordinator
