**DR. BEATRIZ S. BELONIAS**

Chairperson, University Curriculum Committee &  
Vice President for Academic Affairs  
Visayas State University

Dear **Dr. Belonias**,

Greetings!

The Department Curriculum Committee (DCC) of the Department of Meteorology (DMet) would like to recommend the validity of the course **Soil 22: Principles of Soil Science** in behalf of **Soil 22n: Fundamentals of Soil Science**.

The current curriculum of the BS Meteorology program, which was approved through the BOR Resolution No. 17, s. 2012, indicates the course *Soil 22n: Fundamentals of Soil Science*, which is enrolled by the students during the second semester of their 3<sup>rd</sup> year.

However, due to the revision of the BSA Curriculum, the previous offering was already changed to *Soil 22: Principles of Soil Science*. Nevertheless, the latter also covers the same learning outcomes as the phased-out course offering.

Moreover, during the enrollment period for the second semester of AY 2021-2022, some of our 3<sup>rd</sup> year students have already enrolled *Soil 22: Principles of Soil Science*. Thus, we are furnishing your office with this letter to certify that **Soil 22: Principles of Soil Science** is an equivalent course for **Soil 22n: Fundamentals of Soil Science**.

Thank you for your untiring support to the department.

Very truly yours,

Department Curriculum Committee of DMet:

**DANIEL C. LOR**

Chair and Head, Department of Meteorology
