Dear Dr. Yepes,

The Department of Economics is pleased to endorse **Sylvia Agyemang Annor**, a master's student in Agricultural Economics, for participation in the 10th UC Graduate Forum on Innovative Agriculture and Green Technologies for a Resilient Future. This event will take place on June 2–3, 2025, at Universitas Brawijaya in Indonesia.

The forum offers a valuable opportunity for young researchers to present their work, engage in interdisciplinary discussions, and gain insights into current trends in sustainable agriculture and green technologies. The University Consortium (UC), which is organizing this event, will cover all expenses related to Sylvia's attendance in Indonesia.

Given the academic relevance of the forum to Sylvia's research, we are seeking your approval to support her participation in this international event. Thank you for your ongoing support of student development and scholarly engagement.

Sincerely,

LEMUEL S. PRECIADOS
Head, DOE
