Dear Ma'am:

Good day!

I am reaching out to you in writing to inform you that I have successfully complied with the grade requirements of the students under my instruction for the following subjects: **Chem 137.1 Laboratory, Chem 115.2 Laboratory, Chem 140.1 Laboratory and ScTS 11c**. In line with this, I would like to inform you that some students, although they have submitted some of their outputs, have failed to comply with all the course requirements and thus have been given a deferred remark. This remark has been given after the students were informed of their lacking requirements but they failed to comply due to the time constraints, poor internet connectivity, and other personal matters.

I wish to express my intent in turning over the responsibility of handling the submissions of the students given a deferred mark who were under my instruction to my conforme, **Ms Helen Grace F. Oracion**, an Instructor I in the Department of Pure and Applied Chemistry, whose name and signature appears below.

I am hoping for your consideration regarding this matter. Thank you and more power!

Very truly yours,

Dear Dr. Castañeda:

Good day!

I am reaching out to you in writing to inform you that I have successfully complied with the grade requirements of the students under my instruction for the following subjects: **Chem 120.1, Chem 130.1, Chem 130.2, and Chem 1n.2**. In line with this, I would like to inform you that some students, although they have submitted some of their outputs, have failed to comply with all the course requirements and thus have been given an deferred grade (DEF). This grade has been given after the students were informed of their lacking requirements but they failed to comply due to the time constraints, poor internet connectivity, and other personal matters.

I wish to express my intent in turning over the responsibility of handling the submissions of the students given an INC grade who were under my instruction to my conforme, **Mr. Mervin June B. Gasatan**, an Instructor I in the Department of Pure and Applied Chemistry, whose name and signature appears below.
