Dear **Dr. Ceniza**:

Greetings!

May I request an extension of our research entitled "Ethno-linguistic Study of Minamanwa, Its Challenges and Changes Overtime" until December 2022. This research has no budget appropriation from VSU. Due to the pandemic and Odette wreaking havoc in the province of Southern Leyte, where our study site is located, our data gathering for the second component was halted. We are aiming to continue gathering the necessary data and to finally finish the study within the year. We are looking forward to your positive response. Thank you!

Sincerely yours,

Bethlehem A. Ponce
