

10 February 2023

Dr. Moises Neil V. Sereño

Dean of the College of Management and Economics
Visayas State University
Baybay Leyte

Dear **Dr. Sereño**,

In connection with the upcoming AACUP accreditation of our MS in Agronomy program to be held this coming March 2023, our department would like to ask for your help in assessing the cost-benefit ratio of the international linkages required under the Area 4 International Linkages and Consortia. Could you please recommend one of your faculty members to assist us in the computation of the cost-benefit ratio?

Looking forward to your kind help.

Thank you very much, Sir Neil.

Sincerely yours,

LUZ G. ASIO

DA Faculty and In-charge of DA Area 4
