14. Summarizes the topic/s at the end of the class meeting.	5				
AVERAGE RATING	4.88				
ADJECTIVAL RATING	O				
III. Other Comments					
<p>The laboratory class size is quite too big and crowded (30 students) at DoPAC-105. Few students were not very attentive during the pre-laboratory discussion. As a result, the instruction and the appropriate protocol/technique to be used in the conduct of the experiment was not strictly followed.</p>
