Department of Veterinary Medicine
Dean, College of Veterinary Medicine
Visayas State University
Visca, Baybay, Leyte

Sir / Madam:

Thank you very much for taking the time to read this letter. I am writing this letter to ask for your understanding and consideration in allowing me to be reconsider in entering Doctor of Veterinary Medicine program. I last attended in 1st semester S.Y. 2020-2021 and was out for two semesters in this university. I understand that my actions in the past have reflected negatively on my ability to both handle responsibility as well as to uphold integrity, but after one year away from school, I now have a better concept of what it means to be a student. I hope that you will review my situation and allow me to reenter in VSU.

In my fifth year of studies, I felt pressured by my family and my older brothers unintentionally to finished my degree. Back then, I thought that I could make it but I had a hard time adjusting to the new norm of modular learning. Everyday my anxiety and stress are eating me from the inside and this makes me question my capability. I started losing focus and sleep and this makes my mental health weaken until I've hit the rock bottom. This made me lost interest in my studies and made an impulsive decision to find a job. I found a temporary job with barely minimum wage and after working for a year, I realized that I will gain nothing from this. I was too immature to realize the impact of my decision on my life and my family. Having talked with them and my friends I have now seen the damage that mishandled decision can do. I hope that you will be able to accept my sincere apology for my actions, and allow me to continue with my program.

If you will allow me to be readmitted, I promise and pledge to abide by and comply with all the rules and regulations laid down by the Visayas State University and the College of Veterinary Medicine. Thank you so much for you time and hopefully you'll reconsider my situation.
