Visayas State University

Dear Dr. Tulin:

Greetings of safety and health amidst these trying times!

The undersigned received a copy of MOA draft from Eastern Visayas State University-Tanauan Campus requesting of a consultancy service to TARAN-AWAN Journal of Educational Research and Technology Management.

On this note, I am humbly seeking your kind consideration and approval that I may be allowed to accept this rare opportunity. With the chance, I am confident this would help me better my professional growth and passion for research. In effect therefore, our learners as our end-recipient of knowledge will also benefit with this endeavour. Provided further that I will have a first-hand access of the journal, current research findings will serve as relevant materials toward class discussions/interactions. I am confident that this will not hamper my primary duties and responsibilities in our dear university.

Moreover, the consultancy will last for only three years from the time of approval or unless sooner revoked or terminated. Stipulated in the terms and conditions that as a consultant, I am bound to deliver three online meetings per year to mentor journal managers and supports the strategic plan and practices on website updates.

Thank you and continued success!

In caring,

JOEL REY U. ACOB
Dean
