

INSTITUTE OF TROPICAL ECOLOGY AND **ENVIRONMENTAL MANAGEMENT**

Visca, Baybay City, Leyte, 6521-A, Philippines Telephone: +63 53 563-7497 / 565-0600 (local 1052) Email: iteem@vsu.edu.ph | Website: www.vsu.edu.ph

-FACULTY DEVELOPMENT PLAN (CY 2023-2027) Institute of Tropical Ecology and Environmental Management

I. UNIVERSITY INFORMATION

Vision

A globally competitive university of science, technology, and environmental conservation.

Mission

Development of highly competitive human resources; cuttingedge scientific knowledge; and innovative technologies for sustainable communities and the environment.

Quality Policy Statement

In adherence to the University's Vision and Mission, we at Visayas State University commit to:

- Produce highly competent, quality, world-class manpower in science and technology, especially for agriculture, environmental management, and industry who are proficient in communication skills, critical thinking, and analytical abilities:
- Generate and disseminate relevant knowledge and technology that lead to improved productivity, profitability, and sustainability in agriculture, environment, and industry;

Satisfy the needs and applicable requirements of industry, the community, and government sectors that are in need of graduates and technology auality readv commercialization through the establishment, operation, maintenance, and continual improvement of a Quality Management System (QMS) which is aligned with the requirements of ISO 9001:2015.

It shall be the policy of the university that the quality policies and procedures are communicated to and understood by all faculty, staff, students, and other stakeholders and that the system be continually improved for their relevance and effectiveness.

II. COLLEGE OF FORESTRY AND ENVIRONMENTAL SCIENCE INFORMATION

Quality Goals of the College

In adherence to the University's Vision and Mission, the College of Forestry and Environmental Science commits to the following goals:

- To promote relevant and responsive education in forestry, tropical ecology, environmental management, and related fields:
- To generate appropriate knowledge and technologies for sustainable forest and environmental management and conservation through relevant research undertaking;
- To sustain partnerships with local communities, government and non-government organizations, private groups, and funding agencies in the management and conservation of the Visayan forest and the environment; and
- To establish functional awareness and public advocacy on important socioeconomic and ecological problems and issues affecting forests and the environment.

Quality Objectives of the College

In support to the quality goals of the College of Forestry and Environmental Science, each department commits the following quality objectives:

- To strive for excellence in forestry education for sustainable forest management and conservation.
- To enhance focus on high-impact programs in instruction, research, and extension for the well-being of small Visayan farmers, particularly the upland rural poor.
- To establish and sustain meaningful linkages with local, national, and international institutions and agencies for the promotion of relevant instruction, responsive research, and effective extension in forestry and allied fields

III. **FACULTY DEVELOPMENT PLAN OF ITEEM FOR 2023-2027**

The faculty development plan of the Institute of Tropical Ecology and Environmental Management (ITEEM) is in support to the quality goals and objectives of the College to develop strong and dynamic faculty. The contents of the Faculty Development Plan of the Institute are categorized into the following:

- A. Faculty Requirement
- B. Existing Faculty Profile

- C. Other Learning and Development Activities
- D. Schedule of Sabbatical Leave

A. Faculty Requirement

| Field of Specialization | Degree Programs and/or Major Fields | | Name(s) of Existing Faculty | Number of Additional | Semester & School Year of Possible |
|--------------------------|-------------------------------------|---------------------|-----------------------------|----------------------|---------------------------------------|
| Fleid of Specialization | Existing | For future offering | Name(s) of Existing Faculty | Faculty | Recruitment |
| | BS Environmental | | | | |
| | Science, MS | | | | |
| | Tropical Ecology | | | | |
| Natural Resource | | | | | |
| Management; | | | MMBande | | |
| Agroecology | | | | | |
| Sustainable Development; | | | | | |
| Coastal and Marine | | | EDEspinosa | | |
| Resource Management; | | | ЕВЕЗРІПОЗА | | |
| Marine Biology | | | | | |
| Land Use Policy and | | | | | |
| Planning; Geographic | | | | | |
| Information System; | | | JOPogosa | | |
| Environmental Monitoring | | | | | |
| and Ecological Modelling | | | | | |
| Tropical Ecology/ Insect | | | | | |
| Ecology (Plant-insect | | | KJGLongatang | | |
| interaction) | | | | | |
| Environmental Science | | | ABOrias | | |
| and Management | | | , 120 Hd3 | | |
| Plant Taxonomy and | | | | 1 | 1st Sem 2023-2024 |
| Bioinformatics | | | | | |
| Socioecology | | | | 1 | 1 st Sem 2023-2024 |
| Environmental Chemistry | | | | 1 | Urgently needed |
| | | | | ' | 1 st Sem 2023-2024 |
| Tropical Ecology/ | | | | 1 | Urgently needed |
| Limnology | | | | ' | 1 st Sem 2023-2024 |
| Environmental Economics | | | | 1 | 1 st Sem 2024-2025 |

Vision:

A globally competitive university for science, technology, and environmental conservation.

Mission:

Development of a highly competitive human resource, cutting-edge scientific knowledge and innovative technologies for sustainable communities and environment.

B. Existing Faculty Profile

| Name of Faculty | Degree and Field(s) of Specialization Finished | School and Year Finished | Graduate Degree & Field of Specialization to Pursue | Where and When to Pursue |
|-------------------|--|--|---|---|
| ELIZA D. ESPINOSA | | | Post Doc in Sustainable Development | KU Leuven, Belgium |
| | Dr. in Sustainable Development Studies major in Sustainable Environmental Education | Mindanao State University, Iligan Institute of Technology, Iligan City- January 2020 | | |
| | MS in Marine Biology | University of San Carlos Cebu City- October 2007 | | |
| | BS in Marine Biology | Mindanao State University, Naawan School of Marine Fisheries and Technology– April 1993 | | |
| MARLITO M. BANDE | Dr. of Science in Agriculture (Agroecology) | University of Hohenheim, Stuttgart Germany- September 2011 | | |
| | MS in Agricultural Sciences, Food Security and Natural Resource management in the Tropics and Subtropics | University of Hohenheim, Stuttgart Germany- July 2004 | | |
| | BS in Agribusiness (Management) | Visayas State College of Agriculture -March 1991 | | |
| JIMMY O. POGOSA | | | PhD in Agriculture Science (Forest Ecology) | Nagoya University to commence this October 2023 |

Vision:

A globally competitive university for science, technology, and environmental conservation.

Mission:

Development of a highly competitive human resource, cutting-edge scientific knowledge and innovative technologies for sustainable communities and environment.

| Name of Faculty | Degree and Field(s) of Specialization Finished | School and Year Finished | Graduate Degree & Field of Specialization to Pursue | Where and When to Pursue |
|-----------------------------|---|--|--|---|
| | MS in Tropical Ecology | | | |
| | BS in Agricultural Engineering | Visayas State College of Agriculture- May 2001 | | |
| KLEER JEANN G. LONGATANG | | | PhD in Insect Ecology (Plant-insect interaction) | Nagoya University to commence this October 2024 |
| | MS in Tropical Ecology | Visayas State University- April 2019 | | |
| | BS in Biology major in Ecology | Visayas State University- March 2008 | | |
| ANGELITA B. ORIAS | - | | PhD in Environmental Science | UP Los Baños in 2026 |
| | | | MS in Environmental Science (on-going) | UP Tacloban (On-going) |
| | BS in Environmental Management | Visayas State University- April 2014 | | |

C. Other Learning and Development Activities

| No. | Name of Faculty | Title or Topics of Needed Trainings/Seminar/Workshops | Semester & Year | Estimated Cost Per Attendance | |
|-----|--------------------------|--|--|----------------------------------|--|
| 1 | ELIZA D. ESPINOSA | Annual Conference- Federation of Institutions for Marine and Freshwater Sciences (FIMFS) | 1st Semester, SY 2023-2024 | P20,000.00 | |
| 2 | MARLITO M. BANDE | Philippine Biodiversity Annual Conference | 1st Semester, SY 2023-2024 | P20,000.00 | |
| 3 | JIMMY O. POGOSA | Annual Conference: Philippine Society of Agricultural and Biosystems Engineers | 2nd Semester, SY 2022-2023 | P 50,000.00 | |
| 4 | KLEER JEANN G. LONGATANG | DNA Barcoding of Insects | 2 nd Semester, SY 2023-2024 | P100,000.00 | |

Vision:

A globally competitive university for science, technology, and environmental conservation.

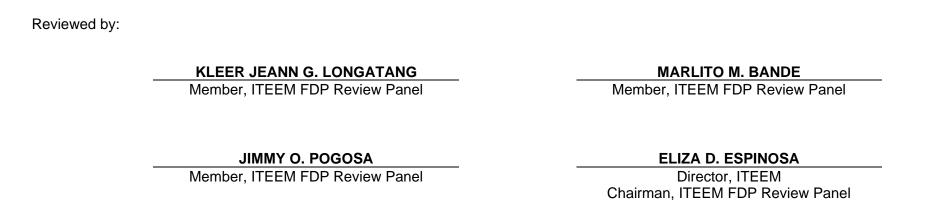

Mission:

Development of a highly competitive human resource, cutting-edge scientific knowledge and innovative technologies for sustainable communities and environment.

| No. | Name of Faculty | Title or Topics of Needed Trainings/Seminar/Workshops | Semester & Year | Estimated Cost Per Attendance |
|-----|-------------------|---|--|----------------------------------|
| | | International Conference in Environmental and Rural Development | 2 nd Semester, SY 2024-2025 | P50,000.00 |
| 5 | ANGELITA B. ORIAS | Philippine Environmental Network Conference | 1st Semester, SY 2024-2025 | P30,000.00 |
| | | International Conference in Environmental and Rural Development | 2nd Semester, SY 2023-2024 | P50,000.00 |

D. Schedule of Sabbatical Leave

| No. | Name of Faculty | 1 st year (2023) | 2 nd year (2024) | 3 rd year (2025) | 4 th year (2026) | 5 th year (2027) |
|-----|-------------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|
| 1 | MARLITO M. BANDE | ✓ | | | | |
| 2 | ELIZA D. ESPINOSA | | | | ✓ | |

Vision: Mission: A globally competitive university for science, technology, and environmental conservation.

Development of a highly competitive human resource, cutting-edge scientific knowledge and innovative technologies for sustainable communities and

environment.
