Dear Sir:

Greetings of prosperity and safety!

This semester, I am handling Btec 22 - Fundamentals of Bioprocessing at the Department of Biotechnology. One of the laboratory exercises is to expose our sophomore Biotech students to various techniques/procedures and laboratory equipment used in fermentation studies.

In relation to this, I humbly request that my class be allowed for a laboratory visit at the Food Testing Laboratory and Pilot Plant this coming October 03, 2022 (Monday). Rest assured that all health and safety protocols of the laboratory are strictly followed.

Thank you very much.

Sincerely yours,

DONNA CHRISTENE Q. RAMOS
