

ACIAR 2016/103 FLR PROJECT ACCOMPLISHMENT REPORT

**Study Title: Assessment of Pests and Diseases in NGP Reforestation and Field Trials
of FLR Sites in Visayas, Philippines**

FIRST QUARTER REPORT

April-June 2022

1. Conducted literature search and organized information for pest and disease manual.
2. Searched for literature and references needed in formulation of pest management plan for nurseries.
3. Prepared reports on the study.
4. Attended meeting with other project staff to discuss updates and future activities.
5. Sixty percent of activities have been accomplished

VSU's Vision: A globally competitive university for science, technology, and environmental conservation.
VSU's Mission: Development of a highly competitive human resource, cutting-edge scientific knowledge and innovative technologies for sustainable communities and environment.

QUARTERLY RESEARCH PROGRESS REPORT

QUARTER: Second Quarter 2022

Study Title: Assessment of Pests and Diseases in NGP Reforestation and Field Trials of FLR Sites in Visayas, Philippines

- I. **Project:** ACIAR ASEM 2016/103 Enhancing livelihood through forest and landscape restoration
- II. **Relevance to VSU & College's Thrust and Priorities:** The study is in line with the thrusts and priorities of the University and the College in relation with environmental conservation and development of innovative technologies for sustainable communities and environment.

III. Highlights of accomplishments within the quarter

A. Targets for the quarter

- Literature search for pest and disease manual for tree nurseries
- Literature search for pest management plan
- Report preparation
- Attendance to project meeting

B. Highlights of accomplishments

- Conducted literature search and organized information for pest and disease manual.
- Searched for literature and references needed in formulation of pest management plan for nurseries.
- Prepared reports on the study.
- Attended meeting with other project staff to discuss updates and future activities.

IV. Physical Report of Operation

A. Research Program

	Particulars/Name and Brief Description of Utilized/ Commercialized Technologies	Number
Outcome Indicator		
1. Number of research outputs utilized by the industry or by other beneficiaries	None	
Output Indicator		
1. Number of research outputs	Draft of pest and disease manual	1

completed within the year		
2. Percentage of research outputs published in internationally-referred or CHED recognized journal within the year	None yet	

B. Technologies/Information patented and commercialized

Technology Invention(s) New Information	Invention Patent Number	Date of Issue	Utilization of Invention		Name of Commercial Product
			Development	Service	
A. Technology Invention(s)	None				
B. New Information	None				

C. Research papers published (Identify if articles were for Research, Extension, Innovation or MSc/ PhD Studies)

	Title	Author (s)	Date/Year/Publication/ Publisher	Remarks (If Research, Extension, Innovation, Thesis, MSc/PhD)
a. Refereed Journal		None		
Institutional				
National				
International				
b. Semi-popular publ'n (newsletter, etc.)		None		
c. Popularized pub'n (technoguides, etc.)		None		
d. Book Chapter/s		None		
e. Books		None		

D. Citation

Research Output as Cited by Other Researcher(s) in Journal Activities									
Title of Research Output/ Published Journal Articles/ Book	Title of Journal & Vol. Issue/ Year	Keywords	Researcher (s)	Citation Details					
				Author(s) Who Cited the Research Output	Title of Article Where the Research Output Was Cited	Title of Journal	Vol. / Issue / Page No.	City/ Year Published	Publisher
None									

V. Issues, Problems, and Recommendations

There is inadequate support/assistance from research staff to conduct monitoring of pests and diseases in the different sites.
