

Objectives, Targets, and Programs (OTP)

Year: 2024

Office: GEOGRAPHIC INFORMATION SYSTEM LABORATORY

Strategic Goal 1: Research and Innovation Program

MFO: Research and Innovation Services

Objectives:

1. At least 85% maps produced are utilized by researchers, students and clients from other industry for research purposes.
2. At least 30 datasets are uploaded in the webmap server to be utilized by clients.
3. At least 10 instrument and equipment are monitored, calibrated and maintained to be used in the services offered by the office.

Strategic Goal 2: Technical Advisory Extension Program

MFO: Community Engagement Increased

Objectives:

1. Train at least 20 participants in Geographic Information System and the use of instrument and equipment for data gathering purposes
2. At least 20 clients accommodated for consultation on GIS-related research studies or projects
3. At least 95% of the beneficiaries have rated the training course/s and advisory services as satisfactory or higher in terms of quality and relevance

Strategic Goal 3: Needs and Expectations of Interested Parties

MFO: Higher Education research improved to promote economic productivity and innovation

Objectives:

1. **(Faculty, Staff, and Administrative and Support Staff)** 100% of GISL faculty and staff are working in good and safe environment with adequate facilities and resources
2. **(Faculty, Staff, and Administrative and Support Staff)** GISL faculty and staff have attended at least one training and personnel development per year
3. **(Community)** At least 70% of the target communities' needs on technical assistance, trainings, capacity- building activities are addressed/conducted on time based on requests
4. **(Government agencies, Non-government agencies and regulatory/accrediting bodies)** At least 85% of project/activity reports are submitted on time
5. **(Accrediting Agencies)** 100% compliant with standards and requirements with accrediting bodies
