Dear **Dr. Tulin**,

Our warmest greetings..!

We are writing this letter to request your kind office to allow NARC to hire a replacement of Dr. Robelyn T. Piamonte who was transferred to the Department of Pest Management (DPM) last August 2022. We are in dire need of a plant pathologist who will carry out researches on abaca pest and disease management and at the same time could teach related courses at any department of the College of Agriculture and Food Science.

Thank you very much and looking forward to your kind consideration on this request.

We hope you will favorably grant our request.

Very truly yours,

**NARC Personnel Committee**
