

Adoption of Pre- and Postharvest Technologies to Improve the Competitiveness of
'Carabao' Mango in the Local and International Markets

John Dillon Fellowship Philippines 2021

21 March 2022

Prof. Arturo E. Pasa, PhD

Professor VI

Department of Forest Science

College of Forestry and Environmental Science

Visayas State University

Dear Prof. Pasa,

This is to inform you of your appointment as **Project Team Member** of the John Dillon Fellowship (JDF) collaborative project and Australian Centre for International Agricultural Research (ACIAR)-funded project entitled "*Adoption of Pre- and Postharvest Technologies to Improve the Competitiveness of 'Carabao' Mango in the Local and International Markets*" for the period of **01 November 2021 to 31 October 2022** unless sooner terminated or extended, pursuant to pertinent rules and regulations. As such, you will be in-charge of the gender component of the socio-economic analysis of the mango industry in the Island Garden City of Samal, Davao del Norte; develop questionnaires and conduct focus group discussion (FGD), key informant interview (KII), and survey with key stakeholders in the mango industry in the Island Garden City of Samal; participate in benchmarking the mango industry in Guimaras, Western Visayas; contribute to the development of IEC materials, policy briefs, and articles for publication; assist in the preparation of quarterly and final reports; and communicate with the team and stakeholders for updates on the project. The position also entitles you to charge project-related expenses to the ACIAR JDF Mango Project which funds are lodged with UPSTREAM in UP Mindanao.

Approved:
