Dear **Sir**:

Greetings!

Allow me to relay that our selected Project Tarsier staff already passed the written examination for drone pilot conducted by the Civil Aviation Authority in the Philippines (CAAP) in Manila last week. One more task required of them is to conduct an actual drone flight exercise to complete their license. In line with this, we would like to ask your kind permission for us to undertake drone flight exercises within the university sports field near the Physical Education Department. The same equipment will be used to monitor progress of our reforestation project in the next few months in Region VIII. In this connection, we attached the Remotely Piloted Aircraft Flight Consent Form for your perusal and signature. We would also like to request the signatures of Dr. Daniel Leslie Tan (VP for Administration and Finance) and Dr. Julius Abela (VSU Security In-Charge) through your kind office.

We hope for your kind and favorable consideration in this regard.

Thank you very much and more power.

Respectfully yours,

ARTURO E PASA
Project Coordinator
