DR. BEATRIZ S. BELONIAS

Chairperson, University Curriculum Committee &
Vice President for Academic Affairs
Visayas State University

Dear **Dr. Belonias**,

Greetings!

The Department Curriculum Committee (DCC) of the Department of Meteorology (DMet) would like to recommend the validity of the course **CSci 21: Information & Communication Technology: Concepts and Skills** in behalf of **CSci 21: Introduction to Computers**.

The current curriculum of the BS Meteorology program, which was approved through the BOR Resolution No. 17, s. 2012, indicates the course *CSci 21: Introduction to Computers*, which is enrolled by the students during the second semester of their 1st year.

However, due to the revision of the BSCS Curriculum, the previous offering was already changed to *CSci 21: Information & Communication Technology: Concepts and Skills*. Nevertheless, the latter also covers the same learning outcomes as the phased-out course offering.

Moreover, during the past three (3) academic years, our students were already enrolling the new *CSci 21: Information & Communication Technology: Concepts and Skills*. Thus, we are furnishing your office with this letter to certify that **CSci 21: Information & Communication Technology: Concepts and Skills** is an equivalent course for **CSci 21: Introduction to Computers**.

Thank you for your untiring support to the department.

Very truly yours,

Department Curriculum Committee of DMet:

DANIEL C. LOR
