APPLICATION FOR HOUSING

Dear Dr. Ferraren,

Greetings!

This letter is about my reapplication for a housing unit in the VSU main campus. As of the moment, we are living in the Bachelors Apartment No.80. We are indeed very thankful for the opportunity of being awarded of the said housing unit especially that the competition is very high. However, my family's circumstances have changed, leading me to decide to reapply for a larger housing unit.

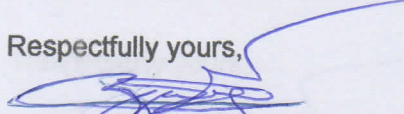

The main reason for my decision is my growing family. As of the moment, the total number of household members is 5. We have been blessed with a new member whom I delivered last January 3, 2021, after 10 long years. In connection with this, I hired a stay-in nanny to look after the baby as I am busy with my work and studies. We also intend to hire a stay-in working student to tutor my eldest son. Moreover, my mother in law who is 66 years old will be living with us by February of this year. With my growing family, a bigger housing unit would be essential as the space in the Bachelors Apartment is quite small especially that I have a baby and a senior citizen that would need utmost care.

Another reason for my reapplication is the conduciveness of the current unit to be living with the kids and an older being. The security of my family members is one of my top priorities. But, with the Bachelors Apartment's building design, I cannot help but worry of the possible scenario once an unfortunate event would happen (e.g. earthquake and fire). Hence, my reapplication for a bigger, amore kid friendly, and secured housing unit. Finally, when given the opportunity for a bigger apartment, we are very much willing to do repair and maintenance if necessary to make the housing unit safe.

Thank you very much for your time reading this letter. I hope to receive positive feedbacks from you soon.
