Babylyn C. Lambert
Allen Glennie P. Lambert
Ernesto F. Bulayog
Lemuel S. Preciados

Summary:

The faculty and the stakeholders attended the opening program at the RDE Hall in the morning of August 31, 2023. After listening to various talks related to the importance of the activity and the proper conduct of the curriculum review, the respective faculty participant per department discussed the details of the proposed revision of the MSc Agricultural Economics curriculum at the conference room of the Department of Economics (DOE). The following are the significant highlights of the deliberation:

1. A Bridging Program will be required for the following applicants

- Minimal to no Econ background in their BS
- With Econ Background from other universities except VSU and UP

Bridging Program (Follows the mechanism of UPLB)

**to be conducted every summer prior to official enrollment in any graduate program of DOE*

**takers must obtain a GPA of 2.0 to pass the bridging program; greater than 2 but not failing, may be admitted with probationary status*
