Dr. Prose Ivy G. Yepes

President

Visayas State University

Visca, Baybay City, Leyte

Thru: **Dr. Santiago T. Peña, Jr.**

Vice-President for Research, Extension and Innovation

Dear **Dr. Yepes**,

This is to recommend the appointment of **Mr. Genesis C. Albarico** as **Study Leader** of the **"Propagation of Quality Planting Materials, Carbon Sequestration Potential and Socioecological Assessment of *A. malaccensis*-based Agroecological Systems in Leyte and Biliran Islands"**, Study 2 of the research project entitled *"Ecological Assessment and Conservation of Aquilaria malaccensis Through Sustainable Agarwood Production in Leyte and Biliran Islands, Philippines (ECoSAP)"* (**project code: VSU-IP-2021-9**), charged to the Internationalization Program, subject to availability of funds, effective August 1, 2024, until December 31, 2024, with equivalent workload units, renewable every year until the completion of the project.

As Study Leader, Mr. Albarico will perform the following responsibilities:

1. Assess the effect of shading on the leaf gas exchange parameters of the leaf;
2. Evaluate the extent of the leaf's response to shading based on chlorophyll fluorescence measurements and light response curves;
3. Measure the chlorophyll content at each level of shading;
4. Determine the antioxidant activities as affected by shading;
5. Identify and quantify the major volatile components present in each shading level
6. Draw the inter-relationship between the leaf physiological traits and the antioxidant activities;
7. Characterize abiotic stress through physiological and phytochemical traits;
8. Compare the obtained results from each variety (namely, *A. malaccensis* and *A. cumingiana*);
9. Submit to OVPREI, through the Project Leader, the following:
 - a. Report on the significant outputs/outcomes of the research;
 - b. Quarterly research progress reports to the OVPREI-RPO (**Attachment 1**);
 - c. Midyear research progress reports every 1st week of July of every year (**Attachment 2**);
 - d. Annual research progress reports every 1st week of January of the succeeding year (**Attachment 3**);
10. Present the research highlights or papers during the Research In-house Review and Evaluation (**Attachment 4**);
11. Present a paper in the regional/national R&D Symposia/fora (**as scheduled by Consortium/National agency concerned with prescribed standard format**);

Management
System

ID 9108658749

12. Submit terminal report three (3) months after completion of the research project **(Attachment 5)**;
13. Publish articles of significant research findings in indexed/peer-reviewed journals.

For any changes in the title, methodology, project site, and/or budget, approval should first be sought from the University President upon recommendation by the concerned College Dean, Center Director, Director for Research, and the Vice President for Research, Extension, and Innovation.

This recommendation supersedes the recommendation issued to Mr. David Winston W. Tabada for the same, considering his study leave effective 1st Sem, AY 2024–2025..

Thank you for your continued support to the Institute.

Very truly yours,

MARLITO M. BANDE
Project Leader, ECoSAP
