Dear Ms. Castaneda:

Good day!

This is to respectfully forward to your office the final grades of Soil 114 (Soil & Water Conservation) (offering no. C231) students which was indicated with "deferred" remarks in the grade sheet for 1st semester 2021-2022. This was to allow our students affected by "Typhoon Odette" more time to comply with the course requirements.

Thank you very much and God Bless!
