Dear **Prof. Velarde**:

I hope this letter finds you well.

I would like to submit our research proposal for review and possible for registration under the OVPREI list of research to be conducted in the Department of Agronomy. The aim of conceptualizing this research proposal is for the farmers, researchers, and students' majoring agronomy both graduate and undergraduate program. It is indeed our hope that some of the researches conducted by our students in the department of Agronomy will be included in the list as one of your priority research and to be published in referred journals.

In this regard, may I humbly ask to consider this research proposal under your watch. Thank you very much for your support and God bless us all.

Respectfully yours,

ULYSSES A. CAGASAN
Faculty
