Dear Dr. Tulin:

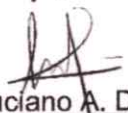

Good day! Thank you for giving your time to read this letter. I am Loida H. Cabahit and I am writing this College Readmission Letter in allowing me to return and continue my halted studies in Visayas State University.

It has been my dream to finish a degree in a University that will help me grow and guide me to become one of the professionals in our society. Last February 2012, 2nd Semester of school year 2011-2012, I was an irregular 3rd year BSHRTM student. I have decided to take a halt from my studies after getting pregnant. As a mother, I chose to prioritize my child rather than my studies, for I know that time will come the opportunity will come back to me as long as I trust myself. I was unable to file a Leave of Absence Form because I do not have knowledge about LOA before and it was a sudden decision because I was afraid for the judgements from the people around me. Instead, I have processed a Dropping Form but not all are completely signed. I am hoping that by these information, I have a chance to return and finish my education.

Now with somebody who will take care of my child and with my family who support me, I want to continue my education this 2nd semester of school year 2021-2022. So that I can be able to save for my son's future studies and get a degree. With the experiences that I have encountered during the past years, I know that I will succeed to finish my education by applying these to combat future challenges while I am studying. I promise to fulfill all the gaps and do my best in order to become one of the competitive professionals from your School. I hope for your favorable approval for this matter. Thank you and Godbless.

Respectfully yours,

Sir / Madam:

I would like to apply for readmission effective 2nd semester / summer 2021 -2022. My last attendance from this University was 2nd semester / summer 2011 -2012. I was out of school for 21 semesters and 10 summer(s) because of the following reason(s):

I got pregnant, and as a mother, I chose to prioritize my child rather than my studies. For I know time will come that the opportunity will come back and had the chance to continue my studies and support the future of my son someday.
If admitted I promise and pledge to abide by and comply with all the rules and regulations laid down by competent authority in the University and in the College to which I am enrolled.
