Dear Ma'am Yepes:

The 2024 Philippine ROTC Games will be one of the high-level school-based competitions at the tertiary level intended for students enrolled in the ROTC Program and will be an annual national activity, guided by the minimum safety requirements and guidelines of the 2024 Philippine ROTC Games Executive Organizing Committee (EOC) and the highest standards of international rules through the guidance of the PSC, consistent with DOH and Local Health Protocols. It will promote the resurgence of holding sports activities and uphold the reopening of sports into the new normal. One of the event in Philippine ROTC Games 2024 is Swimming.

In this connection, may I request **Prof. Andrew Mazo**, faculty in Institute of Human Kinetics (IHK) to coach the swimming team of the VSU Main ROTC Unit.

We hope for your favorable action on this request. Thank you and godbless.

Very truly yours,

DARIO P. LINA

Director, NSTP Office
