Subject: Endorsement Letter for a Scientific Publication Award (SPA)
Dear Madam Ceniza:

We are proudly endorsing the published articles in CY 2022 from the Department of Agronomy for this year's Scientific Publication Award (SPA). However, there are two articles for endorsement to the said award with corresponding titles to wit: Response of Lowland Rice (*Oryza sativa* L.) Varieties of Ratooning During the Dry and Wet Seasons in Eastern Visayas and Ratooning Response of Lowland Rice (*Oryza sativa* L.) var. PSB Rc22 to Production Management Practices. Attached herewith are the complete documents of the two articles such as the scientific publication award form, the layman's summary, and the copy of the journal article for your perusal.

In this regard, we may favor that the abovementioned articles be accepted for SPA review. We hope that this endorsement would provide more favorable consideration and approval. Thank you very much and God bless.

Truly yours,

DIONESIO M. BAÑOC
