Dear **Dr. Yu**,

Warmest Greetings!

We request your assistance in facilitating the medical examination of our graduating Agronomy students scheduled to undertake their on-the-job training (OJT) this second semester of the Academic Year 2024-2025.

The medical examination is a crucial requirement to ensure the well-being and fitness of our students before they are allowed to render their OJT. This step is essential to safeguard their health and enable them to perform their duties effectively during training.

We have attached a list of the names and identification numbers of students officially enrolled in **Agro 200-B (OJT for All Graduating Students)**. We hope this will assist you in efficiently organizing and facilitating the required medical examinations.

We appreciate your continued support in ensuring the health and success of our students

Respectfully yours,

ED ALLAN L. ALCOBER
Internship Coordinator
