## RESEARCH PROPOSAL EVALUATION FORM

ojec	Use of Comic Types as Self-Learning Material Development and Evaluation
	Midostina
	Objectives Every's countrie Months
	ECT/STUDY CLASSIFICATION: (Pls check)
_/	BasicSocio-econApplied
TE	CHNICAL INFORMATION
A.	Rationale (Purpose/intent of the program/projects)
	Relevant to current needs/demands
	Not relevant
	Other comments, please specify; Suggestion: link the problem to empirical da
	like the specific learning gaps or performance issues in your target subjects (Social St
	Filipino, etc.) within the Baybay City. You can also include local baseline data or previ
	DepEd findings that will help justify the project's urgency and relevance to current
	educational needs.
	Title: It's unclear what "comic types" refers to, if it is "digital, print, strip, graphic nov
	type. Suggestion lang, If your focus is on creating comic-based learning materials rath
	than comparing different comic types, the term "comic-based" is, I guess, clearer. Als
	the title doesn't specify for whom or in what field/subject the comics are intended (for
	junior high school students, din kung unsa na specific subjects kaha). "Development a
	Evaluation of Comic-Based Self-Learning Materials amongplease consider also o
	evaluators suggested title.
В.	Objectives
	Appropriate
	Not appropriate
	Other comments, please specify; Revise objective 4 slightly, to "Gather" is mor
	procedural-data collection, you can consider a higher-level verb following blooms
	taxonomy of objectives like "to analyze" student feedback and teacher perspectives.
C.	Expected Output

clarity lang	sad. Also, you sho	uld include specifi			nsider	ations	. /		y for
