

ACIAR 2016/103 FLR PROJECT ACCOMPLISHMENT REPORT

[FIRST QUARTER REPORT]

(April-June 2022)

1. Drafted research report on the social impacts of the CARP-CBFM livelihood projects implemented by peoples organizations in Regions 6, 7 and 8;
2. Reviewed draft report to identify gaps in data/information;
3. Prepared list of data/information gaps to gathered in the field by research staff; and
4. Eighty percent of activities accomplished.

QUARTERLY RESEARCH PROGRESS REPORT

QUARTER: Second Quarter 2022-2023

Research Title: Enhancing livelihoods through forest and landscape restoration

Study title: Social impact assessment of CBFM-CARP-supported livelihood projects

I. **Project:** ACIAR ASEM 2016/103 Enhancing livelihood through forest and landscape restoration

II. **Relevance to VSU & College's Thrust and Priorities:** The project is in line with the thrusts and priorities of the University and the College in relation with environmental conservation and development of innovative technologies for sustainable communities and environment.

III. Highlights of accomplishments within the quarter

A. Targets for the quarter

- Gather additional data/information from Regions 6, 7 and 8
- Organize and process additional data/information obtained
- Interpret additional data/information obtained
- Improve draft research report based on additional data/info obtained
- Draft scientific article

B. Highlights of accomplishments

- Coordinated gathering of additional data/information by field personnel in Regions 6, 7 and 8;
- Supervised research staff in organizing and processing additional data/information obtained;
- Interpreted additional data/information;
- Improved draft research report;
- Drafted scientific article for possible publication.

IV. Physical Report of Operation

A. Research Program

	Particulars/Name and Brief Description of Utilized/ Commercialized Technologies	Number
Outcome Indicator		
1. Number of research outputs utilized by the industry or by other beneficiaries	None this time	
Output Indicator		
1. Number of research outputs completed within the year	Ongoing research activities	
2. Percentage of research outputs published in internationally-referred or CHED recognized journal within the year	Drafting stage	

B. Technologies/Information patented and commercialized

Technology Invention(s) New Information	Invention Patent Number	Date of Issue	Utilization of Invention		Name of Commercial Product
			Development	Service	
A. Technology Invention(s)	None				
B. New Information	None				

C. Research papers published (Identify if articles were for Research, Extension, Innovation or MSc/ PhD Studies)

	Title	Author (s)	Date/Year/Publication/ Publisher	Remarks (if Research, Extension, Innovation, Thesis, MSc/PhD)
a. Refereed Journal		None this time		
Institutional				
National				
International				
b. Semi-popular publ'n (newsletter, etc.)		None this time		
c. Popularized publ'n (technoguides, etc.)				
d. Book Chapter/s		None this time		
e. Books		None this time		

Vision: A globally competitive university for science, technology, and environmental conservation.

Mission: Development of a highly competitive human resource, cutting-edge scientific knowledge and innovative technologies for sustainable communities and environment.

No.

D. Citation

Research Output as Cited by Other Researcher(s) in Journal Activities									
Title of Research Output/ Published Journal Articles/ Book	Title of Journal & Vol. Issue/ Year	Keywords	Researcher (s)	Citation Details					
				Author(s) Who Cited the Research Output	Title of Article Where the Research Output Was Cited	Title of Journal	Vol. / Issue / Page No.	City/ Year Published	Publisher
None this time									

V. Issues, Problems, and Recommendations

Remaining restrictions due to the Covid19 pandemic put restraints on target accomplishments. Hopefully, the restrictions will be eased further. Another, and something in which VSU has control, is overloading of faculty that prevents them from accomplishing targets on time and on the quality desired.
