Dr. Shalom Grace C. Sugano
Principal, VSUIHS
VSU, Visca, Baybay City, Leyte

Dear Dr. Sugano:

This is in response to your request on the work immersion of senior high school grade 12 STEM students at the ARI Center. One of the policies of the ARI Center is that 'Students conducting thesis/dissertation or research projects will only be allowed when their thesis/dissertation/project adviser have appointments (regular, affiliate, visiting) at the Center. Supplies, materials and other consumables shall be provided by the students or through their adviser.'

In view of this policy, the Center cannot accept VSUIHS students for work immersion. However, please take note that at present there are 3 VSUIHS students conducting their research in the laboratory of Dr. Anabella B. Tulin, an affiliate faculty of ARI Center.

I hope for your kind understanding. Thank you. Best regards.

Very truly yours,

MA. THERESA P. LORETO
Director, ARI Center
