Dr. SHALOM GRACE C. SUGANO

Principal

VSU Integrated High School

Visca, Baybay City, Leyte

Dear Dr. Sugano:

Greetings!

The Advanced Research and Innovation Center (ARIC) of the Visayas State University will conduct a two-day training entitled "Advancing Biotechnology through Innovation" for secondary science teachers on December 6-7, 2022.

This is in conjunction with the theme of the 18th National Biotechnology Week "Responding to the Challenges: Business Opportunities in Biotechnology". The two-day training aims to impart knowledge on the different advances of molecular biology and biotechnology, disseminate information on current research and help conceptualize research topics for potential business opportunities.

We would like to invite seven (7) teachers from your school to attend the said training. Registration is free. Snacks and lunch will be provided. Certificates of participation will be given. Kindly register on or before November 29, 2022 at https://docs.google.com/forms/d/e/1FAIpQLSdX4y2zmbxKWIsz93B0sYvEgjV4--4HwCsbGNzmustToxjQ/viewform?usp=pp_url.

Thank you.

Very truly yours,

SARAH JEAN C. SUGANO
Faculty, ARIC

MA. THERESA P. LORETO
Director, ARIC

ANTONIO P. ABAMO
Director for Extension

MARIA JULIET C. CENIZA
VP for Research, Extension & Innovation

EDGARDO E. TULIN
University President
