Dear Dr. Tulin:

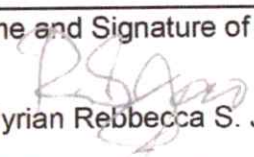

Good day to you!

I would like to apply for readmission this coming 2nd semester of the school year 2021-2022. My last attendance from this university was 1st semester of the school year 2020-2021 but due to my illness I was hospitalized and was diagnosed with vertebral tuberculosis and was almost completely paralyzed for a few months and so I had to take a break from school after a while I had contacted my academic adviser for some instructions and had filed for a leave of absence I have sent my form to her so she can pass it to the department as I was instructed to send the form to my department, after a while I had asked my doctor if I can attend some classes and he had advised me to only take as much as I can and not overexert myself because I have still not fully recovered now and I am still under medication for at least two (2) more months before my final check-up but my doctor had already approved of me to go back and attend some classes. If admitted I pledge to abide by and comply with all the rules and regulations laid down by competent authority in the University and in the College to which I am enrolled and continue to persevere to uphold the VMGO of the university with my hard work and sincerity.

Respectfully yours,

Eugene J. Aquino

Sir / Madam:

I would like to apply for readmission effective 2nd semester / summer 2021 -2022. My last attendance from this University was 1st semester / summer 2020 -2021. I was out of school for two (2) semesters and one summer(s) because of the following reason(s): due to my illness I was hospitalized and was diagnosed with vertebral tuberculosis and was almost completely paralyzed for a few months and so I had to take a break from school after a while I had contacted my academic adviser for some instructions and had filed for a leave of absence I have sent my form to her so she can pass it to the department as I was instructed to send the form to my department, after a while I had asked my doctor if I can attend some classes and he had advised me to only take as much as I can and not overexert myself because I have still not fully recovered now and I am still under medication for at least two (2) more months before my final check-up but my doctor had already approved of me to go back and attend some classes. I have been recovering from my illness which has rendered me physically unable to do tasks that require me to exert a lot of energy, and so my doctor has advised me to take a break until my body can recover. I am still under medication until February of this year.

If admitted I promise and pledge to abide by and comply with all the rules and regulations laid down by competent authority in the University and in the College to which I am enrolled.
