**MARWEN A. CASTAÑEDA**

University Registrar

Visayas State University

Dear Ma'am Marwen,

This is in response to the email sent to me from **Mary Joy R. Lecciones** requesting to retake NSTP 11 & 12. The details in her email are well explained (*please refer to the attachment*). It appears that the student wanted to prepare for a track towards military service as possible employment options when time will come. Also, she did outline the possible career choices for entry in the military service which is a strong indication for an interest in military service which our nation needs.

I believe we strongly need individuals who knows her career choices and more importantly ready to serve the nation. With her own volition to retake NSTP 11 and 12 as ROTC student, the office **recommends** that she can retake the subjects.

I hope this recommendation letter merits consideration of the Ms Lecciones's request.

Sincerely,

**JOY A. BELLEN**

Director, NSTP Office
