

April 6, 2022

**DR. ELWYN JAY V. YU**  
CHIEF MEDICAL OFFICER  
Visayas State University

Dear Dr. Yu,

The VSU NSTP-ROTC Unit Administration has established its Implementation Plan for the Opening of Limited Face-to-Face, Expansion, and Transitioning too New Normal. The said implementation plan establishes the necessary guidelines and operational framework: Safe School Operations, Teaching and Learning, Well-being and Protection and Health Protocols.

Currently, we are preparing to open the Training for the ROTC Cadets Officer Qualifying Course (COQC) Class of 2022 for this April 2022. And one of the requirements is the Medical Certificate. In connection to this matter, may I humbly request from your good office to schedule the **31 COQC Aspirants** and **15 ROTC Advance Officers** for Medical Examination. Attached are the list of the Aspirants and the ROTC Advance Officers

Thank you very much and more power.

Yours truly,

  
**JOY A. BELLEN**  
Director, NSTP Office
