DR. EDGARDO E. TULIN

University President
Visayas State University
Visca, Baybay City, Leyte

Dear **President Tulin**:

Greetings!

We would like to seek your kind advice concerning the proper disposal of chemical wastes from the ACIAR Forestry Analytical Laboratory. With the laboratory operations running for a number years now, the chemical wastes stored in the laboratory is increasing, hence this request.

We would be glad to hear from you on this regard.

Thank you very much.

Sincerely,

ARTURO E. PASA
Project Leader
ACIAR-FLR Project
