College Dean

Visayas State University - College of Education

Dear Sir,

The VSU Baybay Reserve Officers' Training Corps (ROTC) Unit, Visca, Baybay City, after the completion of the NSTP common modules, will have separate instruction for its Military Science modules. This will be done through a series of lectures and drills to train and develop its student cadets.

In this connection, we request your kind approval to allow us to utilize rooms at your college for the conduct of said lectures. These activities are programmed for all the remaining Saturdays of the First Semester, Academic Year 2023-2024, from 7 o'clock to 11 o'clock in the morning.

We are hoping to use the rooms for their ample seating capacity and environment that is suitable for instruction and learning. Rest assured that said facilities and equipment will be handled accordingly and left in good condition after use.

Respectfully yours,
