Dr. Elwin Jay V. Yu
Chief Medical Officer
VSU Infirmary
Visayas State University
Visca, Baybay City

Dear Dr. Yu,

Greetings!

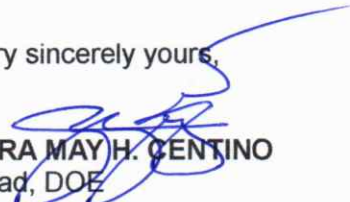

Once again, the Department of Economics will be sending its Junior BS Econ students to their respective firms this coming summer for their on-the-job training (OJT). One of the requirements of this OJT program prior to their deployment is the medical certificate. In this regard, we would like to respectfully request for the medical examination of our students whose names appeared in the attached sheet.

It is understandable that the VSU Infirmary will be very busy in accommodating students during the summer period due to the enrollment process. Hence, it is highly suggested that the medical examination of our students be conducted as early as possible to avoid congestion during the scheduled medical exam of old and new enrollees.

Thank you very much and we hope for your kind understanding on this matter!

God Bless and Mabuhay VSU!

Very sincerely yours,

ZYRA MAY H. CENTINO
Head, DOE
