Dear Dr. Tulin:

Good day to you!

Here are my reasons why I stopped attending my class: I stopped because of some funding problems and some personal problem. I was an irregular student that time and I got so scared I can't make it. My batchmates already graduated and I was left there. I was pressured with my own thought that it reached to the point that it rooted into my mind and I could not think of anything anymore. I don't barely know how to start things until I decided to stop and have some break for myself. I did not able to file a leave of absence because I thought I will continue the next school year but months becomes years. It took me some years to finally comes to my senses that I should graduate to get that degree and make my life better. This time I am really persistent to get that degree. I will work it hard. Hope you'll consider my readmission and let me go back to continue my course. I promise I will do well on my studies this time.

Respectfully yours,

Janine Bisnar
